

*Mulching Made Easy with the MULCH MASTER Straw Chopper*  
Cuts Mulching time and puts mulch where you want it!

With the **NORTEC** straw chopper you can save up to 80% on your mulching time over hand mulching by hand. You can mulch a bale of straw in as fast as 30 seconds. The flexible hose mulch can be placed easily in tight spots around decks and shrubs.

The **NORTEC** straw chopper fits easily onto pickup trucks or trailers. For even greater mobility, an optional wheel kit is available.

With **NORTEC** straw chopper you can achieve an even, stable layer of mulch leaving a professional look to the work area.

## Reliable And Durable For Years Of Trouble-Free Operation

13hp and 16hp  
Engines are Available

Large 18" Dia. Blower  
With Adjustable Blades

These close-ups reveal the quality of workmanship which makes our choppers a "cut" above the rest. The tilt-top feature enables you to sharpen knives in minutes. A spiral design assures an even power curve for uniform continuous cutting with less horsepower. The bottom of blower is easily removed for service or adjusting the replaceable blower paddles. Standard rotor with 76 knives welded to a heavy replacement plates which slide on the heavy duty 1-1/4" hex shaft. Our adjustable grate is smooth operating and can be adjusted with six different grate height settings to control output and cutting length. Double V-belt drive for more efficient transmission of power and no belt slippage. A completely enclosed oil bath gear box drives the steel blade hopper which glides on four large 2-1/2" bearings. The plastic top is an exclusive on NORTEC choppers. The plastic closes up the gap between the tilt-top and the bale hopper which helps eliminate any binding caused by the material being chopped. This feature is very important when chopping newspaper.
